

## **Kamla Nehru Mahavidyalaya, Nagpur**

### **Student Satisfaction Survey 2023-24**

The present survey has been undertaken with the objectives to study the perception and satisfaction level of students and alumni towards campus facilities and teaching learning process of Kamla Nehru Mahavidyalaya, Nagpur and to check the perception and satisfaction level of students towards different aspects of curriculum taught by teachers. The present survey is based on an overall sample of 2589 respondents including students and alumni of different departments of KNM Nagpur during 2023-24. The results are in symmetry with the vision of the college. The results of this survey are summarized as under:

It has been found in the survey that the students perceives the campus facilities either very good or excellent in context of infrastructure facilities, cleanliness of the campus, cleanliness, library facilities, internet facilities, canteen facilities, transport, sports, medical, career counseling and overall behavior of college administration and teachers towards them.

The students selected as sample for this survey reported the teaching learning process of the college on the positive sides in terms of coverage of syllabus, communication skills and ability of teachers to identify and overcome weaknesses, teachers encouragement to participate in extracurricular activities, internal evaluation process of the college, institution's efforts to provide multiple opportunities to learn and to inculcate soft skills, life skills and employability skills among the students. On the other hand the students showed satisfaction to the lower side in terms of promotion of internship, student exchange, field visits and use of ICT tools while teaching.

In the present survey the cross relationship has been studied only in student satisfaction survey between the stream of students and various aspects of teaching learning process of the college like coverage of syllabus, communication skills and ability of teachers to identify and overcome weaknesses, teachers encouragement to participate in extracurricular activities, internal evaluation process of the college, institution's efforts to provide multiple opportunities to learn, for promotion of internship, student exchange, field visits and to inculcate soft skills, life skills and employability skills, use of ICT tools while teaching. The cross relationship has also been studied between the coverage of syllabus and above mentioned various aspects of teaching learning process. The analysis of the alumni feedback reported overall positive responses towards the Campus Environment, Teaching Standards, Quality of Lab Training, Student Amenities, Assessment & Examination System, and overall rating of the teachers.

### **Student Satisfaction Survey 2019-20**

The present survey has been undertaken with the objectives to study the perception and satisfaction level of students and alumni towards campus facilities and teaching learning process of Kamla Nehru Mahavidyalaya, Nagpur and to check the perception and satisfaction level of students towards different aspects of curriculum taught by teachers. The present survey is based on an overall sample of 2654 respondents including students and alumni of different departments of KNM Nagpur during 2019-20. The results are in symmetry with the vision of the college. The results of this survey are summarized as under:

It has been found in the survey that the students perceives the campus facilities either very good or excellent in context of infrastructure facilities, cleanliness of the campus, cleanliness, library facilities, internet facilities, canteen facilities, transport, sports, medical, career counseling and overall behavior of college administration and teachers towards them.

The students selected as sample for this survey reported the teaching learning process of the college on the positive sides in terms of coverage of syllabus, communication skills and ability of teachers to identify and overcome weaknesses, teachers encouragement to participate in extracurricular activities, internal evaluation process of the college, institution's efforts to provide multiple opportunities to learn and to inculcate soft skills, life skills and employability skills among the students. On the other hand the students showed satisfaction to the lower side in terms of promotion of internship, student exchange, field visits and use of ICT tools while teaching.

In the present survey the cross relationship has been studied only in student satisfaction survey between the stream of students and various aspects of teaching learning process of the college like coverage of syllabus, communication skills and ability of teachers to identify and overcome weaknesses, teachers encouragement to participate in extracurricular activities, internal evaluation process of the college, institution's efforts to provide multiple opportunities to learn, for promotion of internship, student exchange, field visits and to inculcate soft skills, life skills and employability skills, use of ICT tools while teaching. The cross relationship has also been studied between the coverage of syllabus and above mentioned various aspects of teaching learning process. The analysis of the alumni feedback reported overall positive responses towards the Campus Environment, Teaching Standards, Quality of Lab Training, Student Amenities, Assessment & Examination System, and overall rating of the teachers.
